

## Your Library Card Number (E-Card) & CountyCat Mobile App

Patrons utilizing the CountyCat Mobile app may present their library barcode via their smartphone. Each MCFLS member library may have specific rules regarding how they handle the use of the mobile app to check out materials.

First, patrons need to download the CountyCat Mobile app through the app store on their iPhone or Android.

Once downloaded, the patron will need to sign in to his/her/their library account using the barcode (or username) and PIN number. Under the 'My Account' menu, the patron can then pull up Library E-Card (barcode) for scanning under the option 'Show My Library Card'.
