

Where Can I Find E-Books & E-Audiobooks in the CountyCat Mobile App?

SEARCH THE APP

➤ Enter your search, then, from the results, click the "Digital" tab. This displays all OverDrive (Libby) content in CountyCat.

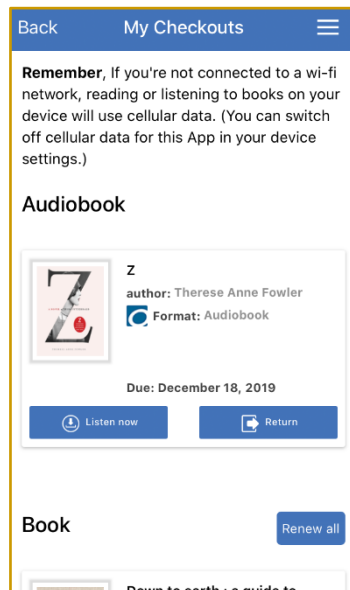

Use the side > arrow to open the full record display. You may then checkout or place a hold on the title.

Here, I selected to Read/Listen to the audiobook.

OverDrive/Libby titles that you have **CHECKED OUT** will display under the My Checkouts area of My Account.

OverDrive/Libby titles that you have **HOLDS ON** will display under the Held Items area of your library account.
