No appointments necessary. Just come to the library during curbside pickup hours and call the number on the curbside pickup signs. You may need to wait 5-10 minutes while a librarian gets your holds, checks them out, and places them on a table in front of the library.

WHAT?

Curbside pickup will be available for items READY FOR PICKUP on our hold shelf. There will be limited availability for non-holdable items such as Lucky Day, Share Shed items, newspapers and magazines. Check with the librarian on the status of these types of items.

HOW?

After you have received a notification that your holds are ready for pickup at the North Shore Library, visit the library during our curbside pickup hours.

When you arrive, park in one of the two numbered curbside pickup spaces and call the number listed on the signs. Wait 5-10 minutes while the librarian checks out your items. The items will be placed on a table in front of the library for you to pickup.
